Holly Handlon

A Note From Your Assistant Director

I'm Miss Holly, and I have the joy of serving as the Assistant Director here at Le Rose! In this role, I work closely with Miss Amanda and our Program Director, Miss Mackenzie, to provide support in all programs at our studio.

When I'm not teaching in a classroom, I often I spend my time using technology for creating tools to keep us organized, pulling together music, and helping support details around recitals and competitions. I love knowing that the work I do helps make your dancers' experience the best it can be!

MORE INFORMATION

Lobby Etiquette

Our lobby is a shared space where dancers, families, and staff all come together. To help keep it welcoming for everyone, please remember:

- Keep conversations at a low volume so classes in session aren't disrupted.
- Encourage siblings to use quiet activities while they wait.
- Be mindful of belongings—please keep bags, coats, and shoes tidy and out of walkways.
- Food and drinks should stay sealed or be enjoyed outside the lobby.

Thank you for helping us create a positive, respectful environment for all our dancers and families!

Sick Dancers

As we head into colder months, colds and flu tend to make their rounds. To help keep our dancers healthy and classes running smoothly, please remember: if your child has a fever, stomach bug, or contagious infection, it's best to keep them home and let them rest. A good rule of thumb—if they wouldn't feel well enough to go to school, they should also sit out of dance that day.

We'll be here ready to welcome them back when they're feeling better!
